

## Library

Our library is truly a learning centre with reading space for more than 100 students at a time. The library stocks textbooks, reference books, journals, magazines and newspapers. It also has an archive of editorial clippings on interesting subjects. the library subscribes to a large number of national and international journals and also has a very large collection of reference books on advanced disciplines. In all, the college library has more than 15,000 volumes and around 6000 titles covering various advanced topics pertaining to the subjects offered by the college. A dynamic CD library presents data and information in bytes. Furthermore, information is compiled for the students from various international websites and is collated topic-wise in the form of printouts. All this is made available free to the students. Supporting this excellent library facility is the computer-enabled digital library giving access to various international journals. The college library also offers reprographic facilities like photocopying, lamination, spiral binding, etc. The library provides facility for the borrowing of books, magazines, freeware and CDs. There is a separate Book Bank facility supported by the Social Welfare Department of the Government of Telangana for SC/ST students.

Every student will be issued three library cards. The student is entitled to borrow a book, CD or bound journal. Students should produce the fee receipt and three stamp-size and one pass-port size colour photos. Students who secure the first rank in their class or have attendance of more than 85% will be issued an additional library card. A student can keep the book for a maximum period of 10 days and CD for a maximum period of 2 days. Bound journals should be returned within seven days. A fine of Rs. 5/- per day on each book will be charged for late returns. A lost book has to be replaced with the same title or an amount two times the cost of the book should be paid.

## Lab

The AUCBM, has a networked laboratory with sufficient computer systems. The lab has facilities for learning and enhancing skills in all the necessary programming languages like C/C++, MS-Office, Oracle, OS (Unix), Java, Rational Rose etc. The college has in its possession legal versions of all the above programming languages. Efforts are afoot to enhance the facilities in the laboratory in order to encourage projects and research work in the area of computer science.

## Internet

The college has broadband internet connectivity through optical fibre line, enabling students to have access to online resources. This will establish an essentially electronic and digital virtual private network for continuous communication. Internet connectivity is especially important for the library as it provides access to the libraries worldwide. Moreover, all the computer systems are being brought under an intranet, which helps in effective and paperless communication for the entire college

## Wi-Fi Facility

## Language Lab

Good communication skills are indispensable for the success of any professional. The English language, in particular, has become essential in the lives of young people who aspire to advance their careers anywhere in the world. Language learning is not the same as learning any other subject. It is not confined to writing an examination and getting a degree or award. The four skills of reading, writing, listening and speaking have to be practiced. Being able to communicate well is the most important factor when seeking a placement in a company or institution. The language laboratory plays an important role in this process. The language lab is a very useful tool that facilitates classroom engagement and interaction via computer-based exercises and activities to maximize language immersion. The laboratory provides a facility which allows the student to listen to model pronunciation, repeat and record the same, listen to their performance and compare with the model, and do self-assessment. It gives every learner of any language freedom to learn at their own pace; it is flexible and does not necessarily require a teacher all the time. At the same time, the teacher provides assistance individually and collectively.

### Activities Organized at

- Various debates, declamations and extempore competitions are organized in the College to enhance the spoken English skills.
- English Language labs help the students to improve their communicative skill. English lab. Solution software equipped with audio-video techniques is

introduced to enable students for better English speaking power in communicative English. Conducts skill development programs on spoken English, computer literacy, etc.

- Personality Development Workshops are organized.
- Free of cost English speaking classes by expert faculty are arranged throughout the session.
- Several workshops in the area of Communication skills, Business Writing, Phonetics, Listening Skills, Writing Skills, Reading skills etc are conducted on a regular basis.

## Sports & Games

AUCBM has been running a Sports Centre in the college since its establishment. The Sports Centre was started for both students and staff to understand the importance of maintaining good health, both physically and mentally.

A sports room where students spend their free time playing table tennis, carom and chess is located in the ground floor of the college. The Physical instructor guides and co-ordinates all the sports activities of the college. Many students of the college have represented our college at National / State / District and Inter-collegiate levels in different events.

Our college has been constantly developing the facilities to encourage students who want to make achievements in the sports arena. The students interested in sports are provided with excellent opportunities to hone their skills and to win accolades for themselves and their college.

We have a dedicated faculty to encourage the students and guide them and shape their skills to be successful in the competitive sports events. Our teachers also provide ample encouragement to students interested in sports activities. College management has outlined the following in order to encourage the sportsman spirit in each student.
